We started running the White Hart to help build a community. We have always been completely dedicated to you - our loyal customers.

We understand this is a deeply worrying time and wanted to take the opportunity to reassure you that we are here for you.

We pride ourselves on having the highest standards of food safety. In light of recent COVID-19 developments, we have made additional precautions to ensure that we follow government advice and have changed the way we operate for the time being.

Your welfare is always our primary concern.

As a community we need to pull together which is why we have taken the decision to offer a selection of dishes to take away and/or have delivered. We have all seen the photographs of empty supermarket shelves or logged on to discover that no online deliveries are available for weeks. Please do not panic.

If anyone is in isolation and in need of food - contact us. We will make every effort to find a way for you to have a comforting meal. Please circulate this menu to others who may not have seen it - we are keen to help as many people as possible. Thank you for your continued support.

Take care.

Mihaela and the team at the White Hart
